BOLTON & MENK, INC. RANKS IN ENR'S TOP 500

The annual ranking of the Top 500 Engineering Design Firms was released in the April 21st issue of Engineering News-Record (ENR). The ENR ranking is determined by the amount of revenue generated in 2007. Bolton & Menk, Inc. placed at #307 and has continued their ascent on the list since 1996.

The firm attributes many reasons for continuing their climb in the Top 500 list. This level of revenue growth is achieved because of their highly qualified staff's commitment to consistently finding timely and cost effective solutions for their client's challenges. This reputation, together with expanding expertise and depth of experience, has enabled Bolton & Menk to maintain long-lasting relationships with their clients and expand their market share in the Upper Midwest.

Bolton & Menk, Inc. provides services in the areas of land surveying together with municipal, environmental, water resources and transportation engineering. Established in 1949, our staff of over 250 professionals and technicians is available to assist clients in meeting the ever-increasing demand for quality engineering and surveying services. With the corporate office in Mankato, the firm also operates offices in Fairmont, Sleepy Eye, Burnsville, Ramsey, Willmar, and Chaska, Minnesota and Ames, Iowa.
