

Businesses warned of solicitations

MANKATO — Greater Mankato Growth has alerted its member businesses that a magazine publisher soliciting advertising is not connected with GMG.

GMG, the local chamber and visitors bureau, sent this alert to businesses: "GMG has learned that some businesses have received calls from Elite Publishing, selling ads in a relocation, community or visitor guide and indicating they are working with 'the local chamber' on it.

"Please be aware that neither GMG, nor the Convention & Visitors Bureau or City Center Partnership are working with this company. The only guides our organizations put out are the "Guide to Greater Mankato" and the "Quick Reference Guide," and we work with local vendors to produce these."
