

## Tech Plus building renamed

**MANKATO** — Greater Mankato Business Development Center is the new name for the building at 1961 Premier Drive, formerly called Technology Plus.

New signs have been placed on the building to reflect the change.

The new name creates a sense of identity for the facility as a place to develop and expand business, said Mankato City Manager Patrick Hentges in a statement.

Building tenants include financial, agricultural and technology companies; consulting firms; education, regional, economic and community development organizations; nonprofit small business development organizations; and Business Accelerator clients. The accelerator program is a joint venture of the city and Greater Mankato Growth, designed to assist business start-ups and entrepreneurs at all phases of business development.
