I&S Engineers & Architects, Inc. Announces New Name

To reflect the broader selection of services offered by the firm, I&S Engineers & Architects has become I&S Group.

"With technology improving so rapidly and opportunities for growth being provided to us at a greater pace, we feel that I&S Group is a name that better suits us moving into the future. As Architects, Engineers, Planners, Land Surveyors, and Scientists, we were motivated to select a name that would acknowledge all of our professionals serving under one unified company," says President Chad Surprenant.

Founded in 1973, I&S Group is celebrating its 35th year in business. With offices in Mankato and Faribault, I&S Group has grown to nearly 90 talented individuals serving clients throughout the upper mid-west.
