MANKATO *this month*

25 Years of Preparing our Community's Leaders

At this year's Greater Mankato Business Awards and Hall of Fame, Pam Year, the 2009 Hap Halligan Leadership Award recipient, spoke about the benefits of being a part of the Greater Mankato Leadership Institute, including life-long leadership skills and community connections.

Pam was a part of the first leadership class 25 years ago. Since that time the Greater Mankato Leadership Institute has continued, much as it began, providing a comprehensive nine-month leadership training program with a professional, personal and community focus.

Through presentations, hands-on experiences, assessment tools and tours, the Leadership Institute helps participants turn knowledge into action. The program's experiential focus allows participants to learn and practice leadership skills, so they can effectively transfer those skills to their professional and personal lives. Each year the curriculum is updated to ensure graduates are well prepared to serve as leaders in their workplace and community.
